### Food Art: February 2019 Session

Join former teachers Bianca Beilke and Tricia Roberts, and their toddlers, in a hands-on exploration and introduction into the world of art! Using different techniques and mediums (don't worry—toddler safe materials), you and your little one will get to learn, play, and mingle with other caregivers and kids. This session's projects include pasta frames, edible play dough, a Valentines Party, and a field trip to the Cheese Counter in Plymouth! Pre-registration is required as space is limited to 12 toddlers (with caregiver). Caregiver

#### Meet the teachers:

Bianca is a graduate of Cardinal Stritch University with a degree in Elementary Education and a focus in creative writing. She was a first grade teacher at Etude Elementary in Sheboygan and spent time working with the Schools of Hope AmeriCorps Project. Tricia is a graduate of Lakeland University with a degree in Secondary Education and English. She currently works at the PAC as the Arts Education Coordinator, after teaching high school English at Oostburg High
